

**Pre-Conference Symposium Program**  
*Can Genome Editing Fulfil Its Promise in the Clinic and the Field?*

Sponsored by:

**ThermoFisher**  
SCIENTIFIC

**IDT**  
INTEGRATED DNA TECHNOLOGIES

Time	Program	
12:00pm		Welcome
12:05pm	<b>TBC, ThermoFisher</b>	Comment from Sponsor
12:10pm		Introduction and Overview
12:20pm	<b>Lunch</b>	
1:00pm	<b>Alex Hewitt, University of Tasmania</b>	Clinical applications of gene editing
1:30pm	<b>Owain Edwards, CSIRO</b>	Opportunities and risks of genome editing for applications in conservation
2:00pm	<b>Di Nicol, Centre for Law and Genetics</b>	Hype and Hope: Assessing the ethical, legal and social implications of CRISPR
2:30pm	<b>Alice Pébay, University of Melbourne</b>	Gene editing for disease modelling
3:00pm	<u>Panellists</u> <b>Alex Hewitt, University of Tasmania</b> <b>Owain Edwards, CSIRO</b> <b>Di Nicol, Centre for Law and Genetics</b> <b>Alice Pébay, The University of Melbourne</b> <b>Greg Neely, University of Sydney</b> <b>TBC, ThermoFisher</b>  <u>Moderator</u> <b>Margaret Otlowski, Centre for Law and Genetics</b>	Moderated panel discussion and questions from attendees
3:30pm	<b>Kaylene Young, University of Tasmania</b>	Summation and concluding remarks
3:40pm	<b>Afternoon Tea</b>	
5:00pm	<b>AGTA17 Conference Opening</b>
